Truly the best of both worlds! A beautiful, ultra private mountain cabin and Watauga Lake frontage with a dock. This very rare property is a treat to see. The cabin is a very special place sitting on 19+/- acres. Completely secluded on top of a ridge, the home offers the ultimate in mountain and lake views. Features of the home include 3 bedrooms, great room with a stone fireplace, kitchen and breakfast. The second floor is devoted entirely to the master suite. A large master bedroom with vaulted ceilings leads out to a private deck that takes in all the surrounding beauty. There is also any office area, beautiful master bath and a private 3rd story sitting room surrounded by glass and has another private deck of it's own. The waterfront property is a short drive down the mountain and features a level lot with a double deck aluminum dock complete with a hydra hoist boat lift. Located on a very quiet part of the lake, this area remains peaceful and serene year round. A very special and unique getaway ready to move into.
